

LBC OG SATIVA HYBRID

Proudly grown in Wessington, SD

LET'S INTRODUCE YOU!

- LBC OG has trichome-rich buds and sharp notes of candied lemons, sweet berries, and gassy undertones. Consumers have noted feeling elevated, energetic, and engaged shortly after the first puff. It is an evenly balanced hybrid strain that packs a well-balanced high with heavy effects that will have you kicking back physically as your mind launches to new heights. This bud has a sweet and sour citrusy lemon flavor with a light hint of berry to it, too. The aroma is earthy and gassy with a sour citrus overtone that's accented by sweet berries and heavy diesel.
- **Top Terps: Terpinolene**

IT'S LINEAGE

- **Las Vegas Lemon Skunk**
 - Las Vegas Lemon Skunk is a slightly sativa dominant hybrid strain known for its insanely delicious flavor. This bud has a super bright and vibrant sour lemon flavor with a lightly skunky earthy exhale. The aroma is very pungent and herbal with a sharp lemon overtone that's accented by dank skunk as the nugs are burned. Effects: Euphoria, Happy, Relaxing, Uplifting
- **LGBT**
 - LGBT, also known as "Lemon Grape Bubba Temple," is a rare evenly balanced hybrid strain. Best known for its super heavy high that comes on with a slowly building effect, creeping up on the back of your mind with a light tingle in the spine before fully taking hold. This tingle quickly spreads throughout the rest of your body, leaving you totally relaxed and in a state of calm and ease before you know it. This bud has a sour citrusy flavor with a lightly spicy flowery exhale. The aroma is earthy and pungent with a sour diesel overtone that takes a slightly flowery turn.
