

LEGEND HAZE SATIVA

Proudly grown in Wessington, SD

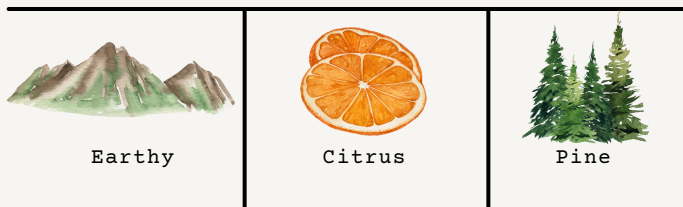

LET'S INTRODUCE YOU!

- With terpenes like Myrcene, Limonene, and Pinene, Legend Haze strain is like a fresh forest awakening at dawn. Earthy, citrusy, and a touch of pine that sends a symphony of natural freshness right into your soul. You'll feel the sativa dominance boosting your creativity and uplifting your mood.
- **Top Terps: Myrcene, Limonene, and Pinene**

IT'S LINEAGE

- **Legend OG**
 - Legend OG is an indica marijuana strain made by crossing OG Kush with an unknown strain. This strain produces relaxing effects that elevate the mind while soothing aches and pains throughout the body. Legend OG & #39's sleepy qualities make it an ideal strain to enjoy before bedtime. Medical marijuana patients choose this strain for treating symptoms related to insomnia and stress. Legend OG has a tart, floral aroma and a pungent flavor.
- **SSH F3**
 - Super Silver Haze is a sativa marijuana strain bred by Green House Seeds. Super Silver Haze is made by crossing Skunk, Northern Lights, and Haze creates a beautiful, sticky strain that boasts an energetic, long-lasting body high. The uplifting effects are great for high stress levels or when suffering from a lack of appetite or nausea.
